## ODDS AND ENDS AT THE CAPITOL

The Garbage Collection Brings in Some Revenue.

## WATER RATES PAYMENT NOT YET RUSHING

Mr. Murphy is Forwarding the House Numbering Work and Making Records—No Word of New Deputy Collector.

A round of the Capitol today was rewarded with nothing but detached items of public interest. Roy Chamberlain, Collector of Internal Revenue, is still without an answer from Washington to his request for an additional outside deputy. Captain Sam Johnson, overseer of the garbage removal system under the Department of Public Works, reports that the receipts for the quarter just past amounted to \$200. A. E. Murphy, clerk of the Assistant Superintendent of Public Works, is still toiling at the house numbering system. The difference between the present and previous attempts at numbering the houses of Honolulu is that now records of the work are being made for preservation. Long street frontages without buildings are being allotted numbers adequate to the distance, which being recorded will be available for houses when built. The records consist of both books and maps. The semi-annual collection of city water rates has produced no sign of a rush of privilege-holders with the coin. It will come before the 15th inst.

## POLICE CAPTURED SOMETHING UNIQUE

Frank Correa appeared in the Police Court this forenoon on the charge of letting off explosives in the public street. The defendant pleaded guilty. Deputy Sheriff Chillingworth then stepped forward and explained the circumstances connected with the arrest of Correa. While he and Captain Parker were on Hotel street, near Fort early last night, they heard a loud report and, turning, saw a woman and three young men jump suddenly from the place where the explosion took place. They were at a loss to locate the person who did the firing but felt sure it was one of the four persons. The woman was eliminated and that left the three young men. Both the deputy sheriff and senior captain were in citizen's clothes and were out on the streets to see that there were no infractions of the law. They went up and stood on the corner at the same time keeping their eyes on the three young men. It was not long before there was another report near by and the same young men with a couple of others were seen to jump. The officers followed and held up the group. Without a word, Correa handed over a bamboo cane. Upon examination of this, the officers found that it was tipped with a heavy piece of iron with a slit in the middle and a place for a .32 calibre blank cartridge. By striking the cane on the sidewalk the cartridge would explode. In the young man's pocket was found a box of the cartridges marked "Extra Loud" in red letters. The cane arrangement is a new thing in town and the police are glad that they happened to find one this early for they anticipate that there will be more cases of the kind. Correa was fined \$10 and costs and was given a very severe lecture by Judge Wilcox.

## STATEMENT IS DENIED

Miss Ernestine Coughran, recently a reporter on Honolulu papers, is represented in the San Francisco correspondence of the Advertiser as saying "that she will soon go east on an important mission for Judge Humphreys. Miss Coughran remarks that she disliked to leave Hawaii at this time, where her services seemed to be greatly needed, but she feels that, to have staid there, would have been at the expense of grave interests personal to her former employer."

Judge Humphreys, on being shown the foregoing statement, declared there was not a particle of truth in it, and, moreover, he did not believe that Miss Coughran ever said anything of the kind. He had never met Miss Coughran except casually when she was reporting court news, or conversed with her to exceed five minutes on any such occasion, although he had been favorably impressed with her brightness and industry as a reporter.

## LEAVES SON AS HEIR

LATE ARCH. F. GILFILLAN WAS RECENTLY DIVORCED

Couple Were Separated Many Years—An Accident Policy in Favor of Miss Phillips.

The late Archibald Forrest Gilfillan was married in Grace cathedral, San Francisco, twenty-three years ago. He had a son called after himself, who is now twenty-one years of age and living in San Francisco. Mrs. Gilfillan wrote to her husband about the time he went to the mainland, suggesting that it was time the anomalous relations between them should be ended. They had been separated all the time of his life in Honolulu.

Mr. Gilfillan assented to the proposition and paid the legal expenses of the divorce, of which the decree was issued in September. He was going to procure a copy of the decree on his intended return to Honolulu. The divorce was granted on the ground of non-support and reported in the San Francisco papers.

On leaving Honolulu the late Mr. Gilfillan took out an accident policy for \$5000 in favor of Miss Mabel Phillips, the orphan daughter of his old friend and brother Mason, the late John Phillips. There is a clause in the policy relative to street cars which may be construed to mean doubling the liability of the company, or making the amount to be paid the beneficiary \$10,000.

## NAPE-FIELD WEDDING.

Walluku, Dec. 23.—The engagement recently announced of Miss Maggie Nape to Mr. W. H. Field, is to be followed by a quiet wedding at Maunaloa Seminary at noon on the day preceding New Year's, at which Rev. Dr. E. G. Beckwith will officiate.

Miss Nape is a very bright, winning young lady who has hosts of friends, not only on Maui but also in Honolulu. Mr. Field is an enterprising, energetic young man, and Walluku is to be congratulated on the fact that two young couples will make their permanent home among us.—News.

## Fire Cracker Nuisance.

Four Portuguese boys were arrested last evening for letting off firecrackers in the street. They were reprimanded and discharged by Judge Wilcox in the Police Court this forenoon. The boys came very near causing a couple of runaways on the crowded streets.

No one may let off firecrackers on the public streets unless permission is obtained from the Governor. In the event of the absence of this official, permission must be obtained from either one of the district magistrates.

## SPECIAL ELECTION

Governor Dole was asked this morning if a special election would be held in the Fourth Representative District to fill the vacancy caused by the death of Archibald F. Gilfillan. His reply was that the law required that an election should be held, but he was unable as yet to name the date.

## Kahului Harbor Fleet.

Walluku, Dec. 23.—Kahului harbor is filling up with its usual sugar fleet, and times are lively now at our seaport. Some of the arriving vessels were loaded with lumber, and the Kahului Lumber Company, which had been gun to run short in some lines, is now well stocked up and able to fill any order from a shingle to a flag pole.—News.

## A HOME ENTERPRISE.

What is the use of buying insurance in a foreign company when we have a home company. The Oriental Life, with offices in the Stangenwald bldg.

Passenger—It's shameful to have to wait so long on this switch. Conductor—Well, if you want to finish your trip in an ambulance, we can go on and collide with that other car.

## PRO RATA ALLOWANCE OF APPROPRIATIONS FOR ENSUING QUARTER

Following is the schedule of monthly pro rata expenditures under Act 4, general expenses of the government, for the quarter ending March 31, 1902. The first column of figures shows the amounts appropriated by the Legislature, the second the amounts to be allowed monthly and the third the total expenditure, with the items of salary and payrolls from Act 3 added in. This is the scheme of economy to fit the outlay with the state of the treasury.

Total reduction per month, \$6,238, being a shave of \$24,952 off the appropriations for the quarter.

## TO ESTABLISH RIGHTS LARGE NEW YEAR MAIL SUPERSTITIOUS LADY

### TWO FISHERY SUITS IN CIRCUIT COURT

Kapiolani Estate and Mrs. Victoria Ward Against Government—Fisheries in Mohanea Kukuluaeo.

The Kapiolani Estate, Ltd., and Mrs. Victoria Ward, owners in fee simple of fishing rights at Mohanea and Kukuluaeo, respectively, have brought suit against the Territory of Hawaii to establish fishery rights.

The action is brought about as a result of Chapter 6, Sections 95 and 96 of the "Act to Provide a Government for the Territory of Hawaii," enacted by Congress, in which it is provided that any person who claims a private right to any fishery in the sea waters of the Territory of Hawaii, in order to have such vested right be and remain valid, within two years after the taking effect of the Act mentioned, file a petition in a Circuit Court of the Territory of Hawaii, setting forth this claim to such fishing right.

Undoubtedly these two cases are only the beginning of many more and the government will have its hands full depending the titles to the public fisheries.

The two plaintiffs in the cases mentioned claim they are sole owners in fee simple to the fisheries of Mohanea and Kukuluaeo, respectively. Kinney, Ballou & McClanahan for plaintiffs.

### A FISHING LAUNCH.

One of the Young brothers who run a number of launches in the harbor, is now on the Coast and among the business he has already attended to was the purchase recently of an engine for a new launch recently built here by himself and brothers. He intends to bring this machinery back with him when he returns.

The new launch was built with an idea of taking parties of fishermen outside for sport with the fishy creatures and is the outcome of talks with various fishing enthusiasts such as H. L. Herbert and Horace J. Craft. It will be fitted up in fine style and, in a bottom will be a heavy glass plate through which people may be enabled to look down into the water for the purpose of locating the fish.

### QUEEN STREET NUISANCE.

For several days past people who have had occasion to walk along Meridian street, in the vicinity of the postoffice, have had occasion to notice a steady stream of water pouring over the pavement on the mauka side of the thoroughfare.

This water comes from the yard back of the Advertiser office and W. W. Dimond's and people are getting tired of the nuisance. The water flows upon the pavement, carrying with it a lot of waste material that makes a decidedly unpleasant mass to walk through.

Nothing has been done to remedy the nuisance and people are getting out of patience about the matter. That particular portion of the street is one that is used by hundreds of persons during the course of a day.

### Student—Say, waiter, this run quite warm. Waiter—I let it run quite a while, sir. Student—Perhaps it ran so long it got overheated.

## MOTHER BIT SON.

Louis "Matthew" appeared in the Police Court this forenoon on the charge of assaulting his own mother, Keleha by name. He pleaded guilty and Deputy Sheriff Chillingworth suggested that the defendant be given a term of imprisonment.

Keleha was called up. Her anger had abated and she wanted her son reprimanded, not punished. When an inquiry into the case was made, it was found that both parties had been indulging in a New Year's spree. The young man returned home and a quarrel ensued. The mother bit her son in the chest and, in order to protect himself, the latter struck her. In no other way could he make his point, for she held. On this showing, the defendant was allowed to go without even a reprimand.

On the calendar, the name of the defendant appeared as Louis Matthew. Judge Wilcox questioned the young man very sharply as to his right to the name and finally he admitted that Makia was his name. Matthew was the most similar English name he could find. The Judge cautioned the defendant against the use of names other than his own, for, said he, some man by the name of Matthew might be asked some day how it came his son was of such a dark color.

## TOMA POLICEMAN AGAIN.

Toma Abe, the Japanese who was dismissed from service on the police force a couple of months ago on account of his vicious assault on a hawker of the city, is again in his uniform and is doing the duties which he was compelled to cease from at the time of the assault.

Toma is a good man and the police authorities recognize this fact. He is most valuable in the matter of tracking Japanese fugitives and many a good turn has he done for the department. He is willing at any time during the day and night to do what he is told to do. However, there are times when he gets a little beyond himself and these are the times when he is dismissed from the force, only to be taken on again when he shows signs of repentance and willingness to take another tack. Toma said today that he had turned over a new leaf and that he would endeavor to keep his place on the force for good.

## Lewis Coming Back.

Oscar Lewis, the shipping master, has written from San Francisco to say he will leave that place for Honolulu on the steamer sailing January 2. He states further that he has been successful in the business on which he went to the Coast and that he will have something big in case everything turns out right.

## RAISE RAILROAD PAY

Chicago, Dec. 24.—At a special meeting of the General Managers' Association held here today a movement was started which may result in a general increase in the wages of trainmen, engineers, firemen and switchmen on all big railroad systems east of Chicago. The meeting was called at the request of the Pennsylvania Company, the cause being the coal shortage in Chicago and other cities, shortage of cars and the congested condition of traffic in general. The coal situation, however, was the moving cause for the meeting, and a discussion regarding it led to a canvass of the entire situation. In the opinion of the majority of the general managers, the general congestion is due in a measure to inefficiency of the service rendered by employees, and this view led to a discussion of the labor and wage situation from a railroad standpoint. Although no formal resolution was passed upon the subject, it was generally agreed that a raise in the wages of employees would do much toward stimulating them to better work, which in turn would help relieve congested conditions as well as to prevent them.

## MR. FETHERS' STAY

Supreme Chancellor Ogden H. Fethers of the Knights of Pythias is resting today from his trip, and probably by tomorrow or next day he will be able to start out on his night-seeing trips. Already he is delighted with Hawaii and is regretting very much his short stay of a fortnight in the islands. This morning, Mr. Fethers took a drive about the city and then returned to the hotel. The ladies of the party were around shopping in town this morning.

Mr. Fethers has decided not to attempt a trip to the other islands on account of his limited stay in Hawaii. However, he will go down the road to a visit to the sugar and rice plantations to observe the actual working of the main industries of the islands. He will also go to the Pali, take a ride up the Pacific Heights on the electric cars and make many more trips to places of interest in and about the city.

## PARTITION OF LANDS

METCALF'S EJECTMENT SUIT THROWN OUT ON DEMURRER

Testimony in Vivas and Silva's Dispute—Divorce Suits on File—Debt Case is Discontinued.

Judge Humphreys granted the bill of partition of Mary Reyes vs. David Calhoun, a minor, and appointed W. A. Wall as commissioner to partition the lands.

The demurrer was sustained in the ejectment suit of Frank Godfrey, trustee for Thomas Metcalf, against Helen Rowland and others. It was a suit for pieces of land at Kawaiahae, and Helen Rowland demurred to the complaint on the ground that on its face it showed that Metcalf was not entitled to the property.

The partnership controversy between J. M. Vivas and M. G. Silva was referred to T. I. Dillon as master to take testimony.

Howard W. Adams answers the libel in divorce of Lena K. Adams with a denial of most of the allegations.

Keawe has brought a divorce suit against William Z. H. Olepau for failure to support her with the necessities of life.

Satisfaction of judgment for \$20.50 has been filed in the suit of David Pahelele vs. James Cary.

The Washington Mercantile Company has discontinued its suit for \$23.17 debt against Alina C. C. Blitting, master, has reported as correct the seventh annual account of F. A. Schaefer, trustee of the estate of A. A. Corniot, deceased.

## DAVIS TO PRACTICE IN UNITED STATES COURTS

San Francisco, Dec. 22.—Ex-Judge George A. Davis of the Hawaiian bar, has been admitted to practice before the United States Circuit Court and Court of Appeals, upon motion of Henry Eickhoff of this city. Judge Davis was accompanied on the occasion of his admission by Judge Gear of Honolulu and Judge Hubbard of this city.

## TWO PARTIES ARE ALREADY WORKING

Figuring on a Possible Successor to Archie Gilfillan.

## HOME RULERS TALKING

PRINCE J. KALANIANA'OLE

Want to Feel Pulse of Fourth District by Way of Preparing for Next Regular Session.

The death of Archie Gilfillan has brought about the necessity of a special election which, according to the Organic Act, must take place within a certain space of time, just as in the case of the election of a man to take the place of Representative Ewald, deceased. Governor Love, always a strict man in the matter of following the dictates of the law—or, rather, his interpretation thereof,—stated to a Bulletin reporter this morning that a special election would surely take place although he had not decided on the date.

In consequence of the expected special election, there is much talk on the streets today of the possible successor to the deceased member from Honolulu. However, there has been no definite action since the time after the receipt of the news has been too short to admit of it.

The Home Rulers, ever on the alert in any matter which touches the people, are already out with a suggestion, which, of course, was going to be nothing more than a suggestion, as to what a Prince Jonah Kalaniana'ole is expected to do in the matter of naming the natives wish to feel the pulse of the Fourth District in order to learn what is to be expected at the regular election for the next session of the Legislature. From their talk today they are certain of the result, but they wish to see figures.

It will be remembered that, at the last election, the greatest victory of the Republicans was in the Fourth District. Since the last election there have been many changes as to sentiment and the Home Rulers believe that, in case Prince Jonah Kalaniana'ole is put up, he will carry the district by a storm.

The Home Rulers wish to put the Prince in the House at this special election and then, at the next, nominate him for the Senate. Undoubtedly this whole thing will be talked over at the meeting of the executive committee of the Home Rule party this evening.

While dwelling on the meeting to-night, it might be stated that a resolution will probably be introduced, calling for the resignation of the "detractors," the members of the committee who have not cared enough for the work of the party to attend the meetings.

The Republicans have not come forth with a name of a man to fill the vacant seat in the House of Representatives, although this matter will very likely come up at the meeting of the Territorial committee on Monday evening next. However, several suggestions as to candidates have been made.

Each party will have a candidate and it makes no difference who the man may be, the fight will be a hot one, for it will be sought as the special election to feel the pulse of the Fourth District. Both the Republicans and Home Rulers are anxious to know "where they are at."

The recent action of the Home Rulers in attempting to get the laboring men on their side will be a big element in the coming election. The laboring men are on the side of strict American principles, not as L. A. Thurston sees them, but as honest Americans see them. The representation of the labor element in the Fourth District is very large.
